

**A SPECIAL ACTING CLASS  
FOR YOUNG ADULTS WITH  
AUTISTIC SPECTRUM DISORDERS**

**Asperger Syndrome, High-functioning Autism, PDD, etc.**

**Taught by Cindy Kania-Guastaferra**

Cindy Kania has been a youth/young adult acting teacher/director/coach for over 20 years. Her extensive background ranges from CSUN's TeenAge Drama Workshop to Disney commercials to The Buckley School to Theatricum Botanicum and The Sport of Acting. The mother of young adult with Asperger Syndrome, Cindy has also taught drama at the Westmark School and Village Glen, Sherman Oaks.

Cindy feels that this under-served population deserves a class that will let them explore their creativity, build confidence, make social connections, and have fun! In this 8-week class, we will explore theatre games, improvisation, monologues, scene work, and commercials. The final session will be an 'open class' where we will share our work with family and friends.
